

Medium Term Plan: Supporting Implementation of LTP/Progression Grid

Subject: LKS2 Year A Invasion Games

Key Concept- Concepts: Joy of movement, personal challenge, building resilience, Critical thinking and action
PoS aims from NC:

A high-quality physical education curriculum inspires all pupils to succeed and excel in competitive sport and other physically-demanding activities. It should provide opportunities for pupils to become physically confident in a way which supports their health and fitness. Opportunities to compete in sport and other activities build character and help to embed values such as fairness and respect

Prior Learning (what pupils already know and can do)

It is helpful if children have:

- used throwing and catching skills in isolation and combination.
- used striking and hitting skills
- followed rules in games
- used simple attacking and defending strategies/tactics
- played some modified directional games.

Long-term Learning (what pupils MUST know and remember) End Goals

Y3 skill

Mark another player and defend when needed.

*Begin to dribble a ball making small touches.

Begin to send a football to someone on team.

*Keep a ball under control.

*Know where space is and try to move into it.

Y4 skill

*Mark another player and begin to attempt interceptions.

*Dribble with small touches into space.

*Send a football to someone on the team, using different parts of foot.

*Keep a ball under control when receiving a range of passes from team.

*Understand where the space is and can move into it.

In this unit children learn simple attacking tactics using a range of equipment and skills, and start to think about how to organise themselves to defend their goals. They start by playing small, uneven-sided games, and move on to even-sided games. In all games activities, children think about how to use skills, strategies and tactics to outwit the opposition. In invasion games, they enter their opponent's territory with the 'ball' and try to get into good positions for shooting or reaching the 'goal'.

- Play games with some fluency and accuracy, using a range of throwing and catching techniques; find ways of attacking successfully when using other skills; use a variety of simple tactics for attacking well, keeping possession of the ball as a team, and getting into positions to score;
- Know the rules of the games; understand that they need to defend as well as attack;
- Understand how strength, stamina and speed can be improved by playing invasion games;
- Lead a partner through short warm-up routines; watch and describe others' performances, as well as their own, and suggest practices that will help them and others to play better
